## Training Schools regulation

Regarding the organization of the Training Schools, COST regulations require that the MC either defines the selection of the trainers and trainees to be reimbursed or delegates the pre-mentioned tasks to the Action Chair (or Vice-Chair if the Action Chair is affiliated to the Grant Holder Institution, which is the case of this Action). In order to simplify the procedures, we ask for the delegation of that task to the Vice-Chair upon the proposal of selection by the TS organizers.

## Incorporation of new participants to the Action

3. Although COST regulations do not require the MC approval for the incorporation of new participants coming from the COST Countries already in the Action, we consider that registering the outcome in the Action's minutes would be a good practice. Please find attached the document with the names and

affiliations. All applicants have shown interest in contributing to the particular activities of the Action and in some cases would be involved in their organization.
